

Your summary of benefits

Anthem Blue Cross

Effective: January 1, 2018

Your Plan: University of California CORE Plan

Your Network: Anthem Prudent Buyer PPO

This summary of benefits is a brief outline of coverage, designed to help you with the selection process. This summary does not reflect each and every benefit, exclusion and limitation which may apply to the coverage. For more details, important limitations and exclusions, please review the formal CORE Benefit Booklet. If there is a difference between this summary and the CORE Benefit Booklet, the CORE Benefit Booklet, will prevail.

Benefit Lifetime Maximum: Unlimited

A description of the prescription drug coverage is provided separately.

Care Outside of Plan Service Area

- Within US: Blue Cross Blue Shield Global Core

All covered services provided through a BlueCard® Program, for out-of-state emergency and non-emergency care, are provided at the Anthem Blue Cross Prudent Buyer level of the local Blue Plan allowable amount when you use an In-Network provider.
- Outside of US: Blue Cross Blue Shield Global Core

All covered services for emergency and non-emergency care will be eligible for reimbursement when received outside the US. Please refer to the Anthem Blue Cross Prudent Buyer level of benefits for covered services and corresponding member liability.

Your summary of benefits

Notes:

- If you use a Non-Network Provider, you are responsible for any difference between the covered expense and the actual Non-Participating providers charge.
- Preventive care services includes physical exam, preventive screenings (including screenings for cancer, HPV, diabetes, cholesterol, blood pressure, hearing and vision, immunization, health education, intervention services, HIV testing) and additional preventive care for women provided for in the guidance supported by Health Resources and Service Administration.
- All medical services subject to a coinsurance are also subject to the annual medical deductible unless otherwise noted.
- Annual Out-of-Pocket Maximums includes deductible, copays, coinsurance and prescription drug.
- Services from Out-of-Network providers for home health care and hospice services are not covered unless prior authorized. When these services are prior authorized, the member's copayment or coinsurance may be calculated at the Participating provider level, based upon the agreed rate between Anthem Blue Cross and the agency.
- Certain services are subject to the utilization review program. Before scheduling services, the member must make sure utilization review is obtained. If utilization review is not obtained, benefits may be reduced or not paid, according to the plan.
- Visit limits start accruing regardless if deductible is met or not.
- All services with calendar/plan year limits are combined for both in and out of network.
- Transplants covered only when performed at Centers of Medical Excellence or Blue Distinction Centers.
- Bariatric surgery covered only when performed at Blue Distinction Center for Specialty Care for Bariatric Surgery.
- Skilled nursing facility day limit does not apply to mental health and substance abuse.
- Freestanding Lab and Radiology Center is defined as services received in a non-hospital based facility.
- Coordination of Benefits: The benefits of this plan may be reduced if the member has any other group health or dental coverage so that the services received from all group coverage do not exceed 100% of the covered expense.
